GYS CARDUCTION 33 PRO

**The Carduction 33 induction heating system, powerful and fast,
Ideal for car body, mechanical works and maintenance:**

Peeling off all adhesives, logos, rubbing strips and welded metal sheets...

Removes sealed glass without damaging the trim Removal of anti-gravel protection and seals

Releasing engine parts (bolts, screws, spark plugs, injectors...)

Making minor car body repairs...

BODY INDUCTOR

To quickly and easily remove all adhesives and strips (rubbing strips, monograms, logos) without damage.

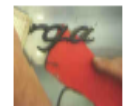

GLASS INDUCTOR

To peel off welded metal sheets and burn off anti gravel protection with the heated scraper. It is also perfectly suited to remove automotive glass (rear window, rear quarter panel, panoramic roof)

BOLT INDUCTOR

To warm and release all kinds of metal pieces quickly and easily, such as bolts, screw nuts, shock absorbers, direction connection rods etc...

PLASTIC WEDGES

As a supplement to the inductors, the scrapers are essential to remove logos/badges and anti-gravel protection etc...
